

Jugatae Entomology Seminar Series - Fall 2017

| Date | Time | Host Location | Speaker | Title | Host |
|----------------------|-------------------------|-----------------|-------------------------------------|--|----------------------------------|
| 9/4/2017 | LABOR DAY | | | | |
| Thursday 9/7/2017 | 4:00-5:00 PM | G 10 Biotech | Bio without Borders:Claude Desplan | Temporal and Spatial Patterning to Generate Neural Diversity | Nilay Yapici and Mariana Wolfner |
| 9/11/2017 | 3:00-4:00 PM | A137 Barton Lab | Denis Willett | Complex Simplicity in Belowground Ecosystems | Greg Loeb |
| 9/18/2017 | 3:00-4:00 PM | 2123 Comstock | Peter Graystock | Engineering resistance: can <i>in situ</i> microbiome engineering increase bee survival during pesticide exposure? | Scott McArt |
| 9/25/2017 | 3:00-4:00 PM | 2123 Comstock | Jason Rasgon | Open-source tools for arthropod biohacking | Laura Harrington & Brian Lazzaro |
| 10/2/2017 | 3:00-4:00 PM | 2123 Comstock | Akito Kawahara | Evolution of anti-bat strategies in moths: Sonar jamming, acoustic deflection and visual lures | Bryan Danforth & James Liebherr |
| 10/9/2017 | COLUMBUS DAY/FALL BREAK | | | | |
| 10/16/2017 | 3:00-4:00 PM | 2123 Comstock | Patton Lecture: Christina Grozinger | Cooperation and conflict in social insect societies: from pheromones to genes | Jeff Scott |
| Friday 10/27/2017 | 4:00-5:00 PM | G 10 Biotech | Bio without Borders:Steven Henikoff | Genome-wide Mapping of Protien-DNA Interaction Dynamics | John Lis and Charles Danko |
| 10/30/2017 | 3:00-4:00 PM | 2123 Comstock | GRADUATE STUDENTS 10 min | 4 exciting talks from our graduate students | Brian Nault |
| 11/6/2017 | ESA meeting | | | | |
| 11/13/2017 | 4:00-5:00 PM | 2123 Comstock | Mark Hoddle | Urban Warfare: Recruiting Pakistani Mercenaries to Control Asian Citrus Psyllid in California | John Sanderson |
| 11/20/2017 | 3:00-4:00 PM | A137 Barton Lab | Shadi Atallah | Computational bio-economic approaches to improve pest management and agricultural sustainability | Kyle Wickings & Greg Loeb |
| 11/27/2017 | 3:00-4:00 PM | A137 Barton Lab | Maxwell Helmberger | The field or the players? Abiotic and biotic controls of entomopathogenic nematode efficacy | Kyle Wickings |

Jugatae Entomology Seminar Series - Fall 2017

| Date | Time | Host Location | Speaker | Title | Host |
|-----------|--------------|---------------|----------------|--|---------------|
| 12/4/2017 | 3:00-4:00 PM | 2123 Comstock | Nicolas Buchon | Bugs in bugs: immunity and gut plasticity in Drosophila and beyond | Brian Lazzaro |
